English	★★★★★
French	★★★★★
Arabic	★★★★★

EDUCATION

Lebanese University   2020 - Present

Faculty of Engineering   Third year

Computer and Communication engineering

- **GPA** 4.0
- **Extracurricular activities:** attending Centre Mine webinars, member in our faculty's IEEE student branch (3D printing, competitive programming...), member in cybercommunity (cryptography, networking, python, linux, penetration testing...)

EXPERIENCE

President of CyberCommunity   2022 - Present

A community that aims to provide extra-curricular training for students interested in cybersecurity, raising awareness about security measures and practices.

My main responsibilities:

- Designing and supervising activities and courses development.
- Organization of cybersecurity seminars, workshops, CTFs...

RELEVANT COURSES

- **Introduction to Cybersecurity** - Cisco Netacad
- **Introduction to Cybersecurity Tools & Cyber Attacks** - IBM
- **Cybersecurity Roles, Processes & Operating System Security** - IBM
- **Cybersecurity Compliance Framework & System Administration** - IBM
