SAEED BOU SHAKRA

Software Developer

Phone: +96176125464 Email: Saeedbs2001.1@gmail.com Address: Aley, Lebanon Portfolio: https://saeedbs1.github.io

PROFILE INFO

A results-driven Computer Science graduate with a proven track record in full-stack development, specializing in building secure, scalable, and high-performance applications. Demonstrates a strong focus on security, efficiency, and maintainability, with a detailoriented approach to every project. A quick learner with the ability to adapt to new technologies and frameworks, ensuring innovative and future-proof solutions. A collaborative team player and effective communicator, thriving in fast-paced environments.

EXPERIENCE

8/2023 - 1/2024

Neo Mena Technologies

Full Stack Intern

- Designed and implemented an automated Jira reporting system to enhance ticket tracking and improve team productivity.
- Developed and published the "eslint-plugin-neo-technologies" npm package, featuring custom ESLint rules that focus on best practices, code consistency, and error prevention, leading to improved code quality and enforced coding standards across the codebase.
- · Developed a well-rounded skill set, including proficiency in QA testing, expertise in programming languages such as Python and Flask, and mastery of front-end development with React and Material-UI (MUI)
- Implemented comprehensive unit tests for React components using testing libraries such as Jest and React Testing Library.

5/2023 - 8/2023

The Web Addicts

Full Stack Intern

- · Designed and implemented dynamic front-end interfaces using HTML, SCSS, and JavaScript, focusing on user-centric design principles to optimize engagement and navigation.
- · Developed and implemented robust back-end solutions for multiple ecommerce projects using Laravel and PHP.
- Ensured secure backend operations by implementing Laravel security best practices and measures.
- · Conducted thorough testing and debugging to identify and resolve issues, ensuring the stability and reliability of e-commerce applications in a production environment.

9/2021 - 1/2023

Bugcrowd, Hackerone

Penetration Testing Freelancer

- · Performed reconnaissance and vulnerability assessments on web applications to identify potential security risks.
- · Conducted thorough testing and scanning to uncover possible bugs and vulnerabilities.
- and documented Analyzed findings, providing actionable recommendations to improve security measures.

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE - ABET ACCREDITED PROGRAM

NOTRE DAME UNIVERSITY- LOUAIZE

GPA 3.2/4

Shouf Campus

09/2020 - 1/2024

TECHNICAL SKILLS

- Git and GitHub
- · ReactJs and MUI
- Linux and Bash
- SASS
- Agile Methodologies
 HTML and CSS
- Node.js
- JavaScript
- Express.js
- MongoDB
- Docker and VM
- Python and Flask
- PHP and Laravel
- C++

SOFT SKILLS

- Adaptability
- Team Player
- Critical Thinking
- Attention to Detail
- Problem-Solving
- Self-Motivation

CERTIFICATIONS

- Nvidia Certificate Fundamentals Accelerated Computing with CUDA C/C++
- React The Complete Guide 2023 (incl. React Router & Redux)
- Cisco Certificate Introduction to Cybersecurity
- · Learn Ethical Hacking from Scratch
- The Git & GitHub Bootcamp
- REST APIs with Flask and Python in 2023

LANGUAGES

Arabic: Native Speaker

English: Fluent
