

# TAREK SARRIEDDINE

Software Engineer & I.T. Specialist

## ABOUT ME

*As an IT specialist and software developer, I bring a diverse skill set and experience in technical support, computer systems, networks, and software development. With a strong troubleshooting ability, I work effectively with various operating systems and applications. Additionally, I excel in designing, testing, and maintaining software solutions, collaborating seamlessly with cross-functional teams. Overall, I am a highly skilled IT professional and software developer, combining technical expertise and a strong foundation in this field.*
