## PROFILE

---

I am a hardworking and ambitious individual. I am currently in my fourth year of engineering school. I have excellent communication skills, enabling me to effectively communicate with wide range of people. I have a great passion for the telecommunication and electrical industry with a strong background in software and programming.

## EDUCATION

---

2018 - Present	<b>Lebanese University- Faculty of Engineering – Second Branch (ULFG II)</b> <i>Roumieh, Lebanon</i> Two years of preparatory cycle with intensive math, physics, chemistry, economy, engineering drawing, programing and languages (French and English) advanced courses. Followed by three years of engineering school to obtain the “diplôme d’ingénieur” equivalent to a master’s degree. Specialty: Electrical and Electronic Engineering (Including Telecommunications, Computer and software engineering)
2003 – 2018	<b>Collège des Sœurs des Saints-Cœurs</b> <i>Lebanon</i> Lebanese Baccalaureate, General Sciences <ul style="list-style-type: none"><li>- Obtained 18.49/20 on the official exams and ranked 25 in Lebanon.</li><li>- Ranked first in my promotion for all the previous years.</li></ul>
February 2022	<b>Diplôme d’Études en Langue Française - DELF B2</b> <i>French Ministry of Education</i> Corresponds to the upper intermediate level of the CEFR (Common European Framework of Reference for Languages) to prove my proficiency in reading, writing, listening and speaking French.

---

September 2021	<b>Circular Economy Program</b> <i>Lebanese University in partnership with makesense - France</i> One month program given by experts about the outcomes of this economy, through studies and analysis on the current environmental situation in Lebanon and the region explaining how the culture is already circular and how factories and startups are dealing with waste management and working on solving environmental challenges. In addition to exploring local and global methods to up-cycle, and discovering reusing and refurbishing strategies (conscious consumption, re-using, and upcycling).
2017	<b>ATEL Association of Teachers of English in Lebanon</b> <i>Lebanon</i> Awarded with the third prize on the reading competition.
April 2016	<b>Pearson LCCI Certificate in ESOL International – Level B2</b> <i>England, Wales and Northern Ireland</i> Awarded with distinction for my reading, writing and listening skills in English.

## EXPERIENCE

---

July - August 2021	<b>Telecommunications Engineering Intern at NOKIA Siemens</b> <i>Beirut, Lebanon</i> Acquire basic technical knowledge of telecommunications portfolio in Lebanon and the region.
August 2020	<b>Salesperson volunteer for an NGO</b> <i>Lebanon</i> Selling clothes during an event to help collecting funds for a local NGO.
