

# Rama Kadah El Habbal

Address: Borj abi haidar, Beirut, Lebanon

Phone Number: +961-76775139

E-mail Address: rama.khabbal@gmail.com

## EDUCATION

---

### Bachelor in Computer Science Lebanese international University

10/2017 - 08/2020,

Salim Slam Beirut

#### Courses

- |                        |   |
|------------------------|---|
| - Database Systems     | - Data Structure                                      |
| - DBMS Administration  | - Algorithms  |
| - Software Engineering | - Visual Programming                                  |
| - Robotics             | - Web programming static<br>/client side /server side |

## PROJECTS ACCOMPLISHED

---

### Pharmacy Management System

- Built a pharmacy management system for the sake of ensuring a comfortable and time saving application that a customer can use to create an account, search for medicines according to specific symptoms he has selected, and buy online products. Documentation of the requirements Analysis, Use-Case model diagram using Visio, Data Modeling, Sequence diagram, Process Modeling and flow diagram.

### Karma Shoes

- Created a shoe shop website using visual studio with asp.net language, whereby the user chooses a product and add it to the card, whereas the user should add the shipping details, also the user can change the theme of the page, all the data are connected from a local data base via Microsoft SQL

### Hotel Database

- Project description about the hotel database that keeps track of Hotel's rooms, reservation, guests, amenity, cafeteria, prices, account and cards. ERD hotel diagram, SQL Statements(Queries) and Relational diagram.

### Smart House

- Actual Arduino project that uses sensors, lamps, fan, humidity sensor, piezo, all are connected to the Arduino board which is developed under the user supervision.

## CERTIFICATIONS

---

- Certified CCNA1 by Cisco.
- Certified CCNA2 by Cisco.

2019

## SKILLS

---

#### Languages:

Arabic native

English fluent

**Computer Skills:** Java, Microsoft SQL Server, C, C#, HTML, CSS, JavaScript, ASP.NET, Arduino.

**Hobbies:** Learning new skills, Running, Playing Basketball.
