## EXPERIENCE

### Front End Developer Intern

ZAQ

Sep 2022 – Dec 2022

Beirut, Lebanon

- Collaborated with a team to create responsive and user-friendly web interfaces.
- Connected front-end components to back-end infrastructure through the usage of REST API.
- Supported website maintenance, including content updates, bug fixes, and feature enhancements.
- Converted UI/UX designs into reusable web components using Vue.js, SCSS, and Tailwind CSS.
- Utilized Git and GitLab for collaborative development and code management.
- Managed project dependencies with npm package manager.

## SKILLS

**Technical Languages:** (HTML5, CSS3, SCSS, TypeScript, PHP, SQL)

**Frameworks and Libraries:** (React, Vue.js, Redux, Tailwind CSS)

**Tools:** (Git, GitLab, Npm, Visual Studio Code)

## PROJECTS

### Blogging System (Senior Project)

Feb 2022 – Jun 2022

- Designed and developed a blogging system using React, PHP, and MYSQL.
- Integrated REST API endpoints for efficient data fetching and manipulation.
- Implemented user CRUD operations to manage and interact with blog posts.
- Built a like/comment system to enhance user interaction and engagement.
- Integrated search and filter functionalities for effortless navigation and discovery of blog posts.
