Computer Science   *September 2020 - Present*

- GPA: 3.75
- Distinction: Dean's Honor List

Ikhaa National School   **Patriarcat, Lebanon**

2005 - 2020

- GPA: 3.4
- Distinction

WORK EXPERIENCE

Rafik Hariri University   **Mechref**

Teacher's Assistant   *September 2022-Present*

- Demonstrated strong knowledge of Front-End technologies by teaching them to pupils unfamiliar with them. Prepared material for class regularly, with coordination with the instructor, for both material and in-class teaching.

- Built strong relationships with both students and instructors, and thus had an overall better class experience, where students where more engaging, focusing, and enjoying the material given.

- Adapted to numerous students' perspectives of the given material, and explained the technologies in a way that they understand, highlighting how flexibility and readiness to learn can vastly improve any environment.

SKILLS

Skills: Debugging and solving technical issues, checking code for consistency and validity, documenting the project, collaborating with other team members, learning and adapting to new skills to meet the goals set

Languages: Java, HTML/CSS/, JavaScript, SQL, React, React Native, Git
