🎓 EDUCATION

Mathematics, Lebanese University I pursued a Bachelor Of Mathematics Degree at the Lebanese University for two years but ultimately decided to pursue a degree in Computer Science.	Sep 2018 – Feb 2020 Beirut
Computer Science, Lebanese International University Studied Computer Science at the Lebanese International University with a standing GPA score of 3.3.	Mar 2020 – Jun 2022 Beirut

🧩 SKILLS

Front End Web Development

On the front-end side of things, I enjoy a great knowledge and experience of the current industry standards and widely used frameworks, namely, HTML5, CSS, SCSS, Javascript, Typescript, React, and ThreeJS.

Backend Web Development

- Experienced in building and deploying Restful APIs over NodeJS runtime with Express and NestJs.
- Great knowledge in using Java Spring Boot and Hibernate ORM for Rest APIs and MVC applications.

Devops

Experience in creating, managing, and deploying container images using Docker, creating CI/CD pipelines using Jenkins and Teamcity and collecting logs and metrics through the Grafana Stack.

Databases

Experienced in using PostgreSQL and Oracle MySQL Relational Databases, Elasticsearch, and Redis.

🧩 PROJECTS

Dionysus A movie streaming service built with a Microservice Architecture that incorporates a React Frontend, Nest Express microservices, RabbitMQ for communication, and PostgreSQL, Elasticsearch, and Redis databases.	Jul 2022 – Sep 2022
Portfolio Personal website built with React, ThreeJs, and SCSS that serves the purpose of introducing myself to the world. Showcasing my skills, experience, and the different projects I built/worked on.	Feb 2022 – Feb 2022
