---

### SUMMARY

---

I am an experienced Software Developer skilled in React.js, Next.js, Node.js, and KeystoneJS. With a strong background in full stack development and a Full Stack BootCamp completion, I have expertise in technologies like GraphQL, MySQL, MongoDB, and Laravel. I also hold technical licenses in Information Technology and Network and Systems.

---

### PROFESSIONAL EXPERIENCE

---

#### **Software Developer, *distin-gui***

01/2023 – present

Beirut, Lebanon

- Designing and implementing user interfaces using React.js, Next.js, and Tailwind CSS for styling.
- Developing backend services and APIs with Node.js and KeystoneJS, utilizing GraphQL for efficient data fetching and manipulation.
- Actively participating in code reviews, contributing to the company's technical architecture and infrastructure.

#### **Full Stack Developer, *Freelance***

08/2022 – 01/2023

Lebanon

- Worked as a freelance web developer, building websites and portfolios for individuals and small companies.
- Collaborated closely with clients to understand their requirements and deliver customized solutions.
- Designed and implemented visually appealing and user-friendly interfaces with a focus on responsiveness and performance.

#### **Full Stack BootCamp**

05/2022 – 08/2022

Beirut, Lebanon

- Completed a 3-month full-time bootcamp program focused on web development.
- Gained hands-on experience in relational databases, schema design, and various technologies such as MySQL, PHP, JavaScript, REST APIs, Laravel, React, MVC, and Object-Oriented Programming.
- Acquired knowledge of security practices and implementation, emphasizing robust and secure application development.

---

### EDUCATION

---

#### **Technical license / Information Technology,**

2018 – 2019

**BH INSTITUTE** 

Beirut, Lebanon

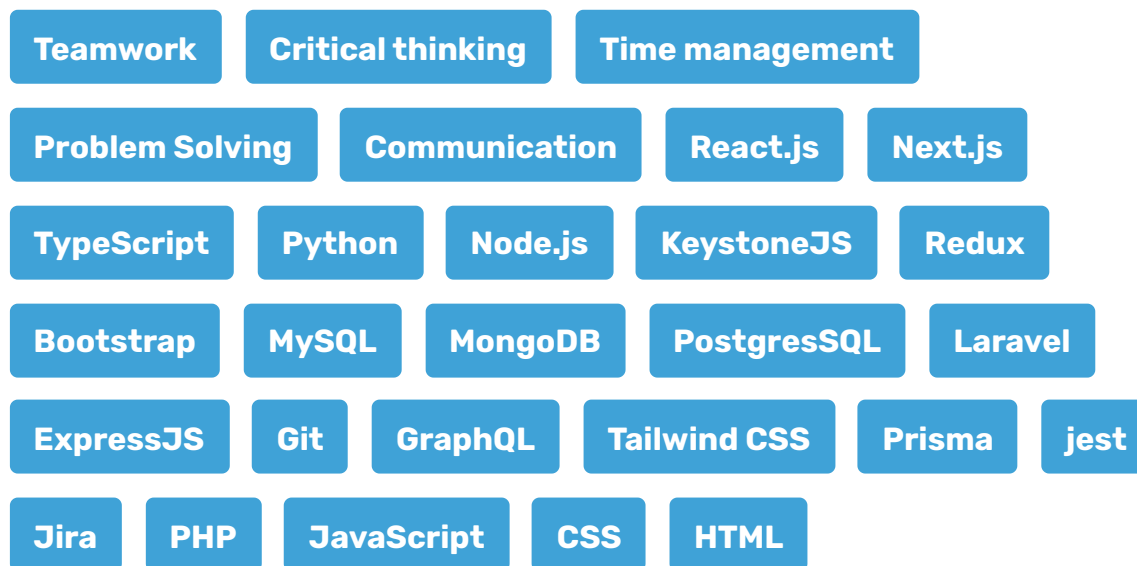

- Completed a comprehensive program covering various aspects of information technology programming, including programming languages, software development methodologies, and database management.

- Completed a rigorous program focused on developing skills in network design and configuration, system administration, security protocols, programming languages, and hardware and software installation.
- **CCNA1** Certification (Cisco Certified Network Associate 1)

---

## SKILLS

---

---

## PROJECTS

---

### **Movies Gallery, Web App**

09/2022 – 10/2022

- Developed a responsive web app for browsing, searching, and filtering movies.
- Implemented user-friendly UI/UX design and CRUD functionality.
- Utilized ReactJS, Bootstrap, Redux-Toolkit, ExpressJS, NodeJS, MongoDB, TMDB API, and OAuth 2.0 with JWT authentication.

### **FoodOClock, Restaurant Reservation Web App**

07/2022 – 09/2022

- Created a web app for browsing, searching, and booking restaurant reservations.
- Implemented features like rating, reviews, and an admin panel for CRUD operations.
- Utilized ReactJS, Bootstrap, Laravel, MySQL, REST APIs, OAuth 2.0 with JWT authentication, EmailJS, and Leaflet Map library.
