CAREER OBJECTIVE

I am a self-motivated team player . I thrive to do my best and apply my advanced knowledge of web design with my leadership abilities to meet client needs and exceed their expectations.

PROJECTS

Stocks Application

Creator, Designer, Developer

- I Built a website that allows the user to view the stocks of any company in mind.
- Based totally on React and bootstrap which allowed me to get more familiar with React.

Snake Game

Creator, Designer, Developer

- The famous Snake game built on a website to enjoy during breaktime.
- Built with Html CSS and mainly JavaScript.

Portfolio

Creator, Designer, Developer

- I created My own Portfolio in which i talked about myself a bit.
- Includes some of the projects I made based on Html ,CSS, Javascript and React.
