CAREER OBJECTIVE

A highly skilled and motivated web developer with two years of experience seeking a challenging position to contribute my expertise in front-end and back-end development, as well as my passion for creating innovative and user-friendly websites.

Experience

Jan.2023-Current

BrightChamps Company

Coding Educator-Part time

- *Delivered online coding courses to kids from age 6 to 18.*
- *Demonstrated and presented demo and paid classes through live learning platform (Thunkable, Python,etc..)*

Mar.2023-June 2023

CodePact Program by Tatweer Baladna.

Professional Development- Part time

- *Participated in the CodePact Program, receiving extensive training in Full Stack Software Development with a focus on React and Node.js.*
- *Developed a strong foundation in React, a widely used JavaScript library for building user interfaces*
- *Acquired practical skills in React, including component-based development, state management, virtual DOM, and React hooks.*
- *Gained proficiency in Node.js, a JavaScript runtime for server-side development.*
- *Received training in building server-side applications and APIs using Node.js.*
- *Demonstrated knowledge of server setup, handling HTTP requests, routing, and database integration.*

Jan.2023-Mar. 2023

Mootawer Ltd, Tripoli Lebanon

Front-End developer Training

- *Developed and maintained responsive websites for clients using HTML, CSS, and JavaScript.*
- *Collaborated with designers and project managers to create visually appealing and functional websites.*
- *Implemented front-end frameworks, including React, to enhance user interactivity and improve site performance.*
- *Integrated third-party APIs, such as payment gateways and social media platforms, to extend website functionality.*
- *Optimized websites for search engine visibility by implementing SEO best practices.*
- *Worked with back-end technologies like Node.js and Express.js to build server-side functionality and RESTful APIs.*
- *Designed and managed databases using MySQL and MongoDB, ensuring data integrity and efficient retrieval.*
- *Conducted thorough testing and debugging to identify and resolve issues promptly.*

Jan.2019-Dec. 2019

Private Math teacher

Math Teacher for all grades

- *Developing Customized Lesson Plans: Design and implement personalized lesson plans based on the specific needs and skill levels of each student. Identify areas of weakness and devise strategies to address them effectively.*
- *Teaching Mathematical Concepts: Instruct students in various mathematical topics, including arithmetic, algebra, geometry, statistics, and calculus. Use a variety of teaching methods and resources to make complex concepts understandable and relatable to the students.*
- *Assessing Student Progress: Regularly evaluate students' understanding of mathematical concepts through quizzes, tests, and assignments. Monitor their progress and provide constructive feedback to help them improve their performance.*
- *Individualized Support: Offer one-on-one assistance to students who require additional help or have questions about specific topics. Provide clarification and extra practice to ensure a comprehensive understanding of the material.*
- *Encouraging Critical Thinking: Promote critical thinking and problem-solving skills by presenting real-life scenarios and encouraging students to apply mathematical concepts in practical situations.*
