ABOUT ME

Secure a job position in Electromechanical Engineering technology with an innovative company that will allow expanding my knowledge base and skill set, while also providing a deeper understanding of how the principles of Electromechanical Engineering are used in practice.

EXPERIENCE

Technician **March 2022 - Sep 2022**
Mitsulift

- As a trainee elevator mechanic, I primarily work with my supervisor to learn how to maintain, build, and install elevators.
- Acquiring the necessary skills to maintain and repair elevators in residential and commercial buildings.
- Worked on escalators, hydraulic lifts, and similar systems.
- Maintenance is another task I have to complete as part of my job to make sure elevator operations meet safety standards.

Electrical Technician - Intern **Jan 2021 - Feb 2022**
MicroEradica

- Connect wires to circuit breakers, transformers, or other components.
- Inspect electrical systems, equipment, and components to identify hazards, defects, and the need for adjustment or repair, and to ensure compliance.
- Test electrical systems and continuity of circuits in electrical wiring, equipment, and fixtures, using testing devices such as ohmmeters, voltmeters, and oscilloscopes, to ensure compatibility and safety of
