## Computer and Communication Network Engineer

As a beginner frontend developer with a passion for creating visually appealing and user-friendly interfaces, I am seeking an entry-level position in front-end development. I have experience in front-end web technologies such as HTML, CSS, and JavaScript, and am proficient in React. I am eager to learn and grow in a dynamic environment, and am committed to delivering high-quality code and solutions.

# PROJECTS

---

## TABLE-BOOKING WEBSTE FOR LITTLE LEMON RESTAURANT

- Planned the UI/UX Design using Figma
- Used CSS grid and other CSS styling to set up a clear, responsive and inviting website
- Coded the table booking system using React
- Improved the UX with HTML5 validation and live data
- Added unit tests
- Committed the project to a Git repository
