

WAEI AYOUN

SOFTWARE ENGINEER

PROFILE

I am a hard-working software engineering student with a strong desire to continuously improve my skills. I possess experience in various programming languages such as Python, Java, and C++ and have participated in several skill-building extracurriculars. I am a reliable team player with excellent leadership skills, demonstrated through various group projects and extracurricular activities. I am currently seeking an internship opportunity to broaden my exposure and gain real-world experience in the software engineering field.
