EDUCATION

Computer science graduate

Lebanese International University · Beirut · 03/2021 – 06/2024 · 3.55 GPA

EXPERIENCE

IT support

Slcb   04/2024 – Present, Beirut

· My first job experience in the domain of IT and computer science.
· Valued experience and skills were gained and resharpened.
· The position allowed me to learn about how different teams and departments collide and cooperate to contribute to the overall goal/s.

Barista

Dunkin donuts/ lakkis farm   02/2021 – 04/2024, Beirut

· Although they did not contribute to my domain experience they, along with smaller jabs not mentioned, gave me the work ethics and experience I believe everyone need to have and experience.
· Individual and team work were greatly improved.
· Customer service, satisfaction and communication skills gained.

PROJECTS

Web-scrapper

· Made to repractice my Web and react fundamentals, it collects, cleans and saves the data of a Web page, react proof. Was intended to be used as a data collector for my machine learning project.

Machine learning predictive model

· Made as a part of my machine learning elective, it uses python libraries and a large data set from kaggle to predict stock market prices changes. Results varied.

Multiple websites

· Rudimentary and moderate websites made to implement my Web development knowledge. Php,html,css,js,react, etc...

CERTIFICATIONS

CCNA: introduction to networks

CCNA: Switching, Routing, and Wireless Essentials

devOps engineercertification

simplilearn | forward mena · 2024

· gained fundamental understanding and work experience with.
· git and GitHub.
· docker.
· Jenkins.
· Kubernetes.
· AWS.
· And practical experience building, testing and troubleshooting infrastructure.

Cisco network security

01/2024
