- Held weekly meetings to keep track of progress and assign new tasks.

Beirut, Lebanon

Jan 2023 - Apr 2023

Networking Project

Linux Chat Application

- Collaborated with a team of four to develop a chatting application using a virtual Linux client on python.
- Compiled several update reports throughout the different phases of the project, leaving an audit trail that served as our reference for changes and challenges.
- Prepared slide deck and relevant visual aids then presented the project to professors and peers, receiving positive appraisal and approval.
