## OBJECTIVE

An internship with a leading corporation where I can improve my skills and apply my knowledge to learn and gain experience.

## EDUCATION

**Lebanese American University, BS in Computer Science** 2021 – 2024 (Expected)

- Enhanced my programming skills and improved my knowledge about Computer Organization
- Active Member at Computer Science and Game development club

**Almanar Modern School, Lebanese Baccalaureate in General Sciences** 2021

- Went to a Robotics and Arduino Workshop at The Little Engineer
- Enrolled as a Model United Nations Delegate which improved my teamwork, public speaking, and leadership skills
- Learned HTML and gained knowledge about Computer Software and Hardware

## PROFESSIONAL EXPERIENCE

**Geek Express, Coding Trainer** Oct. 2022 – Present

- Gave two courses: Master Game Developer Level 2 and Master App Developer Level 1
- Instructed students to learn more about the platform we used throughout each course (such as: MIT App Inventor, GDevelop 5) and build their own unique projects

**AIESEC Beirut, Exchange Participant Manager** Jan. 2022 – July 2022

- Handled issues that may arise during the experience
- Interviewed Exchange Participants (customers) and introduced them to AIESEC
- Worked on ideas to improve customer service

## EXTRACURRICULAR EXPERIENCE

**Meta Dev and IEEE Club, Attendee** 2023

- This event was organized by Meta Dev in collaboration with IEEE club at LAU.
- The event covered crucial topics such as Employability, Artificial Intelligence, DevOps and more.

**FreeCodeCamp, Trainee** 2022 - 2023

- Took Responsive Web Design and JavaScript Algorithms and Data Structures which enhanced my previous knowledge

**GDG Devfest, Attendee** 2022

- Enhanced my knowledge regarding several important topics

**DataCamp, Data Science Trainee** 2022

- Took a course (Introduction to R) where I learned R that is widely used in Data Science

**The Little Engineer, Robotics and Arduino Trainee** 2019

- Attended this workshop which was hosted by my school where we had to build and program a robot to complete several tasks

**Lebanese American University - LAU, GC LAU Model United Nations Delegate** 2018 – 2019

- Improved my teamwork skills
- Trained on public speaking and leadership skills
- Participated in a public speaking conference where we represented a country and discussed global problems
