Education

Bachelor in Computer Science at Lebanese University, Hadath   **2019 – 2023**

My university education equipped me with a versatile skill set that includes strong communication and active listening abilities, alongside technical proficiencies in Object-Oriented Programming, Data Structures, and Web Development. These skills have prepared me to excel in collaborative environments and tackle complex technical challenges, making me well-rounded and adaptable in both personal and professional spheres.

Lebanese Baccalaureate – General Sciences at Ecole Notre Dame, Beirut   **2019**

Experience

Full Stack Web Developer at MOL(Money Over Line), Beirut   **1 July 2023 – 30 November 2023**

Led the development of a comprehensive full-stack software solution for MOL, overseeing the entire lifecycle from database design and implementation to backend logic construction. Implemented robust security measures, including encryption, to safeguard sensitive information.
