SKILLSET

Programming
Graphic Design
Marketing
Basic Coding
Public Relations
Communication

EDUCATION

2020-present:
Lebanese American University
BS in Computer Science.
Minor in Business.

EXPERIENCE

2021 MASTER DATA MANAGEMENT AT ESITERS

- Defined, designed, and built dimensional databases to meet business needs.
- Assisted in the application and implementation procedures of data standards and guidelines on data ownership, coding structures, and data replication to ensure access to and integrity of data sets.

2021 Software Quality Assurance at Insala-Dallas.

- Designed test plans, scenarios, and procedures.
- Documented software defects, using a bug tracking system or manual testing, and reported defects to software developers.
- Enhanced my teamwork skills, by working with a team from all around the globe.

2022 Extracurricular activities

Graphic Design freelancing.

- Designing posters and invitations for event organizers.
- working as a part-time graphic designer for a small business called The Gift Set, where I design wedding cards, social media posters, and gift cards. (2022-Present)

Teachers assistant at the Lebanese American University.

- Volunteering as a secondary assistant in computer programming labs.
- Teaching object oriented programming in Python and Java.

Tutor

- privately tutoring students in courses related to Mathematics, English, and Computer Programming.
