### Lebanese International School, Nigeria — *High School*

Sept. 2014 - June 2020

IGCSE, AS & A Levels, SAT

## PROJECTS

### E-commerce Book Website (Full-Stack) – [course work](#)

[https://github.com/elissa03/ecommerce\\_website](https://github.com/elissa03/ecommerce_website)

- Created a responsive website for the sale of books online.
- Regular users may register, log in, add items to their carts, and check out.
- Administrators can update/remove users and add/remove products.
- Used: **HTML, CSS, Node.js (Express), MongoDB, jQuery, AJAX**

### Break The Bricks Game – [personal](#)

<https://github.com/elissa03/break-the-bricks>

- The game consists of breaking bricks by bouncing a ball off a paddle.
- There is also a 25% chance of creating a powerup when a brick is hit.
- Used: **HTML5 canvas, JavaScript**

### YouTube Clone (Full-Stack) – [course work](#)

[https://github.com/elissa03/youtube\\_clone](https://github.com/elissa03/youtube_clone)

- Created a YouTube clone in which users can upload and watch videos.
- Used: **HTML, CSS, JavaScript, Node.js, MongoDB**

## EXPERIENCE

### University of Balamand, Lebanon — *Lab Assistant*

Sept. 2022

- Aided 15-20 students with their programming issues in basic and object-oriented programming introductory classes.
- Taught computer science students and maintained 90% student performance.
- Acquired crucial leadership and communication abilities while also enhancing my collaborative capabilities.

## SKILLS

Data Structures

Object-Oriented  
Programming

MongoDB

Front-End

Back-End

Responsive Web Design

JavaFx for Cross-Platform  
Apps

React

## Programming

Java

C++

HTML/CSS

JavaScript

Python

SQL

## Strengths

Teamwork

Written & Oral  
Communication

Dedication To Learning

Reliable & Consistent

Time Management

Leadership

## Languages

English

Arabic
