🌐 www.linkedin.com/in/anthonyayli

I am Anthony Ayli, a mathematics student. Throughout my education, I gained skills in problem-solving and logical thinking. I also became proficient in programming languages like Python and VBA to perform mathematical calculations and simulations. I am looking for an internship in Data Science to enhance my practical skills as well as grow my theoretical skills.

## EDUCATION

**Bachelor of Applied Mathematics**  
Saint Joseph University of Beirut 📍  
2021 – 2024 📅

**High School Diploma**  
Graduated with Honors  
Collège des Pères Antonins Baabda 📍  
2006 – 2021 📅

## COMMUNITY SERVICE

**Lebanese Red Cross**  
I was responsible for the storage and packaging of more than 10000 supply boxes in the mission to help Syrian Refugees in Lebanon. We managed to deliver all the required material on time and in very good quality. This work was done with the help of the German Red Cross  
Beirut, Lebanon 📍  
2017 📅
