OBJECTIVE

Aspiring Computer Science student with a passion for software development and a strong foundation in web technologies, algorithms, and databases. Seeking an internship opportunity to leverage my skills in a dynamic environment, contribute to meaningful projects, and gain practical experience in the field. Motivated by the challenge of solving complex problems and committed to continuous learning and professional growth.

EDUCATION

American University of Beirut (AUB)
B.Sc. in Computer Science

1/2021 - 12/2024 (Expected)
Dean's Honor List (3rd semester/2022)

CERTIFICATIONS AND COMPETITIONS

ICPC Executive Director 9/2023
Received Certificate of Achievement at the 2023 LCPC, demonstrating strong problem-solving abilities in competitive programming.

Certificate of Appreciation - Banin Charity Association 2023
Recognized by the president of the association for significant contributions to community service initiatives.

EXPERIENCE

AUB: Office of Innovation and Transformation 6/2023 - 8/2023
Software Engineer Intern Led the development of a client-focused project to create custom forms. Enhanced user interaction by optimizing a high-performance Node.js backend and implementing an Angular framework. Contributed to agile project management, ensuring timely and successful project delivery.

VOLUNTEERING AND EXTRACURRICULARS

Vaccination Awareness Campaign
Actively participated in a two-day campaign, playing a key role in educating 200+ community members on vaccination importance and aiding in the registration process, which enhanced community healthcare coordination.

IEEE Member
Engaged actively in IEEE activities and events, contributing to technical discussions and expanding my professional network by connecting with industry experts.

PROJECTS

IMDb-Like Responsive Web Platform Ongoing
Developed a responsive web application featuring user authentication, dynamic content rendering, and social media integration, using React and Node.js. Highlights include adaptive layout, social logins, and real-time movie data presentation.

SKILLS

Technical Skills: C++, Java, Python, HTML, CSS, JavaScript, Angular, Node.js, MongoDB, SQL, C#
Soft Skills: Effective Communication, Team Collaboration, Problem Solving, Leadership
Languages: English (Fluent), Arabic (Fluent)
Hobbies: Swimming, Table Tennis, Basketball
