Beirut, Lebanon | svo00@mail.aub.edu +961 81 369 399

I'm a problem solver at heart and a programming enthusiast. Currently pursuing my Computer Science degree at AUB. I'm excited to work with like-minded people and help companies in whatever ways I can.

EDUCATION AND PROJECTS

American University of Beirut (AUB), Jan 2022 - Dec 2024

Bachelor of Science in Computer Science

- As part of a collaborative team, developed an innovative dormitory services management website (Dormify) aimed at improving the student living experience. Responsibilities included designing and implementing front-end user interfaces and integrating backend services to facilitate scheduling among users and checking-in the dorms. Technologies used: React, Node.js, Supabase.
- Completed an Android application team project (EduMate) that generates quizzes using AI after giving it the student's notes. Used Java, Kotlin, SQLite, and Python to integrate OpenAI's API.
- Designed and implemented a database system using MySQL for managing investments in a specific market.
- Received recognition on the Dean's Honor List for outstanding academic achievement.
- Recipient of the Full USAID University Scholarship Program (USP) covering full tuition fees.

Societies & Clubs: AUB HES Club Vice President, AUB Computer Science Student Society, AUB Game Development & E-Sports Club, AUB Social Club

EXTRACURRICULAR ACTIVITIES
