

Professional Profile

A driven third year computer and communications engineering student at the University of Saint Joseph with strong academic performance and continuous engagement in extracurricular activities. I have amassed a wealth of communication experience and leadership skills across the years. I am keen on obtaining an engineering degree with a specialization in either software engineering or network telecommunication.

Core Skills

- Public Speaking
- Communication
- Organization
- Attention to detail
- Critical Thinking
- Responsibility

Experience

Cisco Certification

January 2023

Completed the CCNAv7: Introduction to Networks course.

Money Management website

February-May 2022

I teamed up with 5 classmates to develop a website for money management. I was mainly responsible for the backend part (used Flask)

Tutoring

September 2020-present

Gave after-school sessions for students.

Saint Paul Charity Movement

March 2018-October 2020

- Participated in apostolic and training camps.
- Took part in fundraising events to help destitute families.

Robotics

- Participated in a 5-day robotics summer camp at AUST. **July 15-19 2019**
- VEX Robotics Course Level 1 at IAAT Zalka. **December 2018**

Oum el Nour

April 2019

Participated in an awareness course about smoking and drug addiction organized by Oum el Nour.

USJ Foire des Sciences

March 2019

I teamed up with three of my schoolmates and participated in an innovation competition organized by USJ called Foire des Sciences. We worked on an AI-based bin that sorts garbage on its own.

Entrepreneurship Competition

March 2018

I have participated with two of my friends in an entrepreneurship competition that took place at school. We worked on a project to prevent car accidents. With having 25 other groups competing against us, we were able to rank among the best five.

Education

General Science graduate at Collège des Sœurs des Saints Cœurs Ain Najm

2006-2020

Computer and Communications Engineering at USJ

September 2020-present

I am expecting to obtain my diploma in **2025**.

Languages

Fluency in **Arabic, English and French**. Level
1 **Spanish**.

Hobbies

Football

Tennis

Rubiks cube solving
