Summary

-I'm a passionate computer science student specializing in Artificial Intelligence and Machine Learning. I constantly seek opportunities to expand my knowledge and skills in these fields.
-I actively engage in self-paced projects and courses to stay updated with the latest advancements alongside my academic studies. I'm proficient in modern technologies such as Python, Java, SQL, MySQL, PHP, Angular, Bootstrap, NLP, and AI/ML.
-I contribute to initiatives supporting and empowering women in tech, volunteering with organizations like All Girls Code to foster inclusivity and diversity.
-I've also been a member of Beirut AI, a community dedicated to AI education in our region. Engaging with professionals, I contribute to the growth of AI in our community.
-I'm currently seeking dynamic and innovative opportunities to apply my skills and knowledge.
