## PROFILE

I am a Full Stack Web Developer with a Frontend focus. I have experience in HTML, CSS, JS as well as, MERN/LAMP stack and Wordpress. Even as a freelancer, I work in agile methodology to establish good work ethics.

## PROFESSIONAL EXPERIENCE

**Full Stack Web Developer, Codi Tech (11/2022-Present)**
- Used Backend including Laravel, PhpMyAdmin, Express.js, MongoDB, Postman API, REST APIs, API Development, SQLite, Node.js, PHP.
- Developed Frontend using various libraries and frameworks such as ReactJs, HTML5, Cascading Style Sheets (CSS), JavaScript, React Native.
- Worked on WordPress, a Content Management System, that allows users to create, manage and publish digital content, typically on the web.
- Worked on administering and maintaining the server hardware and software using LAMP Stack and Linux.
- Applied the AGILE Methodology of Project Management to plan, organize, and control the flow of work through my projects.
