EDUCATION

Antonine University

Computer and Communication Engineering

2019-2024

Software Engineering and Networks

SKILLS

- Programming Language : C++, C#, Java, React Native, Angular, Kotlin, Typescript, PHP, HTML/CSS and more
- Communication Skills
- Ability to Work in a Team
- Microsoft Office
- Database Management
- Advanced Analytical Thinking
- Software Troubleshooting
- Knowledgable in User Interface/ User Experience
- Game Development (Unity)

LANGUAGES

- English
- Arabic
- French

PROFILE

Dynamic and Accomplished Software Developer with a proven track record in designing, deploying, testing, and maintaining robust software systems. Boasting a diverse and impressive skill-set, I possess expertise in a wide range of platforms, programming languages, and embedded systems. I am well-versed in utilizing cutting-edge development tools and implementing best practices to deliver exceptional results. Whether working autonomously or as a collaborative team member, I consistently demonstrate effective self-management and contribute to the success of projects.

WORK EXPERIENCE

Full-Stack Developer

Aheeva Technology   Jul, 2023-Oct, 2023

Key Responsibilities:
- Developed and maintained Contact Center software used globally.
- Specialized in back-end development with Node.js.
- Collaborated on a distributed micro-services architecture.
- Explored innovative front-end development techniques.

Technical Skills:
- Back-End: Node.js, JavaScript ES6, RESTful APIs, MySQL/MongoDB.
- Front-End: Angular 6+, Bootstrap, JQuery.
- Tools: Git, CI/CD with Bitbucket Pipelines, Jenkins.

Software Developer/ DevOps

inmind.ai   Aug, 2022-Oct, 2022
