

MOHAMAD KARIM FAHS

OBJECTIVE

As a freshly graduate with a degree in computer science, I am seeking opportunities to apply my technical skills and knowledge in a challenging work environment. My expertise includes proficiency in programming languages such as Java, and C++, as well as experience in software development and database management.

Additionally, I have completed projects involving web development, and I am eager to continue expanding my skill set in these areas. I am a quick learner, a team player, and I am committed to delivering high-quality work that meets or exceeds client expectations. I am excited about the opportunity to work on innovative projects and to contribute to the growth and success of your organization.
