Education

American University of Beirut

Beirut, Lebanon

Bachelor's degree in computer science. Full Scholarship Recipient of the USAID Scholarship

May 2024

Relevant Coursework: Algorithms and Data Structures, Software Engineering, Database Systems, Mobile Development, Operating Systems

Experience

Ashkal Alwan

Beirut, Lebanon

Software Developer & IT Administrator

June 2023 – Present

- Oversaw IT infrastructure, focusing on server maintenance, robust data security through backup protocols, and disaster recovery.
- Leveraged technologies like Google Apps Script, Squarespace, and MySQL for diverse IT solutions.
- Provided efficient technical support and resolved issues related to CMS, Google Workspace, and NAS storage to minimize downtime.
- Managed technology projects with attention to budget and timelines, maintained vendor relationships, and optimized service management. Created Comprehensive documentation and conducted staff training.

MegaTransact

Remote

React Native Developer

April 2024 – Present

- Developed features for a FinTech application aimed at the sub-Saharan African market for digital payments, international money transfer, and loan issuance.
- Integrated features into MegaBliss, part of a broader hospitality and mobility solutions suite.

Projects

EcoHabit

July 2023 – May 2024

- Final year project aimed at promoting urban farming and sustainable living.
- Developed robust backend solutions using Node.js and PostgreSQL.
- Contributed to the development of AR garden planning, plant recognition, and sustainability impact calculators, ensuring seamless integration and functionality across the technology stack. Utilized Flutter for front-end development and React.js for the admin dashboard.
- Received the Henri Qais Naccache Best Project Award, recognizing exceptional projects with interesting and impactful ideas, thorough design and implementation, and remarkable teamwork.

Leadership & Activities

Community Service Project

Beqaa, Lebanon

Project Leader

2023 – Present

- Leading a team of five in a community service project focused on enhancing WASH facilities and services at a public school in Bekaa.
