About Me:

- A dedicated undergraduate student pursuing a bachelor's degree in mechatronics engineering and minoring in computer science with experience in robotics, software development and electrical engineering.
- Looking to employ the power of coding skills and creativity in developing high level web applications.
- Eager to delve into specialized courses in artificial intelligence, robotics, and signal processing to drive innovative solutions. Committed to merging technical expertise and creative thinking to contribute effectively to cutting-edge projects and technological advancements.

Training:

- Worked on developing an OpenCart e-commerce website (www.homebazaarlb.com). Developed and implemented dynamic Google and Facebook feeds for all products on the website, enabling efficient management and editing capabilities for the product catalog.
- Worked on developing an event planning website using Node JS, EJS and Express JS (www.glowmelbourneevents.com)
- Worked on developing and deploying OpenCart online websites (www.tripoli-soap.com), (www.naturalhoneylb.com).
- Worked on developing a POS using C#/.Net framework, the system was developed to be connected to the online database of the website in order to keep track of the orders in the local store.

Education:

- **Bachelor's degree in Mechatronics Engineering** September,2020-present
Minor in Computer Science December,2022-present
University of Balamand (UOB), Koura-Lebanon
Life Scholar July,2022-Present
- **Lebanese Baccalaureate 2** September,2019-August,2020
Beit El Fakes high school, Beit El Fakes-Lebanon
General Science

Volunteering:

- **Board Member** July,2018-August,2020
Al Safire Municipality, Al Safire
- Worked in cleaning, reforestation, and rehabilitation of al Danieh forests.
Nahda Organization, Beit el Fages July,2018-October,2021
- Worked with Al Nahda Organization in helping elderly people by providing them foods and clothes, especially during Ramadan month. Moreover, organizing companies to raise awareness of the healthcare priorities.
The House of Christmas, Cornet el Hamra December,2022-present
- Helped in preparing for the Christmas festival.
- Managed one of the food court stations and sold more than 100 pieces of pizza for kids during the festival; the incomes were donated to impoverished families.

Technical Skills:

- **Computer Skills:** MySQL, NodeJS, Express, Mango dB, HTML, Bootstrap, CSS, Ejs, C#/.NET, C++, JavaScript, XML, Arduino, Assembly
- **Technical skills:** Git, GitHub, Postman, SolidWorks, AutoCAD, MATLAB
- **Languages:** Arabic (Native), English (full working proficiency), French (Intermediate)
