EXPERIENCE

NOV 2021 – OCT 2022

BACKEND DEVELOPER, EURISKO MOBILITY

Main responsibilities were:

1. Creating/maintaining APIs
2. Communicating with front-end team to assist with APIs
3. Participate in daily meetings to keep track of progress

All the above was done in multiple projects while using popular frameworks (NodeJS, ExpressJs & MongoDB)

EDUCATION

MAY 2023

MASTER OF PROFESSIONAL STUDIES IN A.I, PENN STATE UNIVERSITY

SEP 2018 – JUL 2021

B.S IN COMPUTER SCIENCE, UNIVERSITY OF BALAMAND

- Learned multiple programming languages: Java, C++, Swift, JavaScript, HTML & CSS
- Acquainted with the MERN stack by creating multiple projects.
- Favorite areas of study: Data structures, Object Oriented Programming & Mobile Programming
- Appeared on the Dean's Honor list 3 times (2019, 2020 & 2021)

COURSES

FEB 2023

MACHINE LEARNING SPECIALIZATION, COURSERA

The machine learning specialization is an online course by DeeLearning.ai and Stanford University on Coursera. It covers multiple topics about Machine Learning.

NOV 2022

NESTJS OFFICIAL COURSE, NESTJS

This course covers the essential parts of how to get started with NestJS for backend development from creating APIs, maintaining them as well as other features present in this framework.

CERTIFICATIONS

FEB 2023

MACHINE LEARNING SPECIALIZATION, COURSERA

NOV 2023

CERTIFICATE OF COMPLETION, NESTJS OFFICIAL COURSE

SEP 2021

RESPONSIVE WEB DESIGN, FREECODECAMP

AUG 2020

PYTHON DATA STRUCTURES, COURSERA

OCT 2019

FULL STACK DEVELOPMENT COMPLETION, 1 MILLION ARAB CODERS

SKILLS

- JavaScript
- NodeJS
- ExpressJS
- TypeScript
- React
- MongoDB
- Data Structures
- NestJS
- Python
- Swift

QUALITIES

- Helpful
- Curious
- Good listener
- Respectful
- Team player
- Understanding

LANGUAGES

- English (Fluent)
- French (Fluent)
- Arabic (Native)
- Spanish (Beginner)
