

Mahdi Assaf

PHP Developer

Address: Beirut, Lebanon | Nationality: Lebanese | Phone: +96176745033 |

Email: mahdiassaf2002@gmail.com

Professional Summary

Motivated and skilled PHP Developer with an experience in developing web applications using PHP and Laravel. Proven ability to deliver robust and scalable solutions for diverse projects. Seeking for a PHP Developer position to leverage and expand my technical expertise. Strong back-end and front-end skills, excellent English communication, and ability to work independently and with multinational teams.

Work Experience

PHP Developer at TDNT Company

Jan 2024 – May 2024

- Built a nurse skills web application that streamlined skill tracking and reporting for healthcare facilities.
- Created a doctor appointment system, reducing scheduling conflicts by 20%.
- Collaborated with a multinational team to deliver project milestones on time.
- Demonstrated strong problem-solving skills by addressing and resolving technical issues promptly.

Freelance PHP Developer

Feb 2022 – Jan 2024

- Worked on various freelance projects, including e-commerce sites and custom CMS solutions.
- Collaborated with clients to understand their requirements and deliver tailored solutions.
- Successfully managed multiple projects independently, consistently meeting deadlines.
- Showcased excellent time management and organizational skills by balancing multiple projects and client needs.

Skills

Technical Skills

- **Programming Languages:** PHP, JavaScript, Java
- **Frameworks:** Laravel
- **Tools:** Git, MySQL, PostgreSQL
- **Other:** RESTful APIs, Unit Testing
- **Front-End Technologies:** HTML, CSS, JavaScript, Blade (Laravel's template engine)

Soft Skills

- **Communication:** Excellent English communication skills, both written and verbal, with the ability to explain complex technical concepts to non-technical stakeholders.
- **Teamwork:** Experience working with multinational teams, demonstrating cultural awareness and adaptability.
- **Independence:** Proven ability to work independently, take initiative, and manage time effectively.
- **Problem-Solving:** Strong analytical skills with a knack for identifying issues and providing efficient solutions.
- **Adaptability:** Ability to quickly learn new technologies and adapt to changing project requirements.

Projects

Motorcycle Shop Management System

- Developed a comprehensive system for managing inventory, orders, and customer data using PHP and Laravel.
- Utilized HTML, CSS, and JavaScript for the front-end interface.

Nurse Skills Web App

- Created a platform for tracking and reporting nurse skills and certifications.
- Utilized Laravel for backend development and responsive design using HTML and CSS for the frontend.

Doctor Appointment System

- Designed and implemented an appointment scheduling system to reduce conflicts and improve patient flow.
- Employed PHP and Laravel with PostgreSQL for the backend, ensuring data security and scalability.
- Developed user-friendly interfaces with HTML, CSS, and JavaScript.

Education

Bachelor of Science in Computer Science at **Lebanese International University**

Graduation Year: 2024
