EDUCATION

Lebanese University   **Tripoli**

Bachelor's Degree in Applied Mathematics option Computer Science   Graduation: September 2023

RELEVANT COURSEWORK

Algorithm   Data structure   Data Base   Computer System   Software Engineering
Object Oriented Programming   Web Development   Mobile Development   Networks and Security

SKILLS

- **Technical Skills**: Problem-Solving, Database Management, Software Development, Web Development, Object-Oriented Design, and Version Control.
- **Programming Languages:** C, C#, Java, PHP, Python, JavaScript, SQL.
- **Frameworks & Libraries:** Node.js, React.js, Next.js.
- **Web Development Tools:** HTML, CSS, Git, GitHub.

PROFESSIONAL EXPERIENCE

Software Developer Intern   **Beirut**
Global Learning   Sept 2023 - Dec 2023
- Developed and presented detailed specifications and write codes according to set requirements.
- Coded software updates and alterations based on detailed design specifications.
- Designed step-by-step flowcharts to determine how code needs to be written.
- Worked with project requirements to develop and maintain software, designed and implemented software according to specifications

Data Entry Operator   **Halba**
HM Trading   Jun 2018 - Mar 2022
- Verified, corrected, and modified data as necessary.
- Analyzed, sorted, and verified the accuracy of data entered.
- Improved data accuracy by implementing streamlined verification processes.

CERTIFICATIONS

IBM Full Stack Software Developer Professional Certificate   **Coursera.org**
IBM   Feb 2022 - Jul 2023
- Defined cloud computing, its essential characteristics, models, benefits, infrastructure, and emerging trends.
- Created cloud accounts and explored practical applications of cloud technologies.
- Developed front-end applications with HTML, CSS, JavaScript, React, and Bootstrap.
- Built and deployed back-end applications using Node.js, Express, and NoSQL databases.
- Mastered Cloud Native methodologies, including Containers, Kubernetes, CI/CD toolchains, Microservices, and Serverless Functions.
- Built hands-on projects using GitHub, showcasing full-stack cloud development skills

LANGUAGES

- **Arabic**: Native or Bilingual Proficiency
- **French**: Limited Working Proficiency
- **English**: Working Proficiency – Capable of handling technical documentation and communication.
