EXPERIENCE

SEPTEMBER 18, 2023 – FEBRUARY 29, 2024

SOC ANALYST, POTECH-CONSULTING

I worked at Potech Consulting as a SOC Analyst. My responsibilities included monitoring and analyzing the security infrastructure of different organizations. My roles included detecting potential threats, responding to and mitigating security incidents to prevent further threats or unauthorized access.

JULY 24, 2022 – SEPTEMBER 30, 2022

NETWORKING DEPARTMENT, MOBI

It was a one-month in-office training. I got to study most of the material of the CCNA Course on a YouTube channel. I also observed how routing and switching problems are tackled by the network engineers.

2019 – PRESENT

TUTOR

I have been tutoring Mathematics, physics, and English since 2019 for students in grades 7-8-9-10-11-12.

EDUCATION

2019-PRESENT

COMPUTER AND COMMUNICATION ENGINEERING, NOTRE DAME UNIVERSITY – LOUAIZE

- Expected graduation in Spring 2024
- Dean's List in Fall 2022
- Completed two online courses on Coursera: Introduction to CSS3-University of Michigan, and Introduction to HTML5-University of Michigan

Some Projects worked on:

- Emotion Detection using CNN (Python), EEN588- Machine Vision course
- Lane Detection using opencv (Python), EEN588-Machine Vision course
- Child Security System using ESP8266, ultrasonic sensor, and IR sensor, EEN444-Communication Systems Lab
- Tic-Tac Toe using C++, CSC215- Fundamentals of Programming

- Distance Calculator through Ultrasonic Ranger, EEN425-Microprocessor Lab
- Online Property Management Software, CSC423-Software Engineering

2016-2019

SAWFAR OFFICIAL HIGH SCHOOL

- Grade 12: Life Sciences
- Got 'Good' in the Lebanese Baccalaureate Certificate

SKILLS

- Worked with SIEM platforms such as: TACIVOAR, OCTIVORE
- Threat Hunting: Ability to proactively search for signs of advanced threats and anomalies within network and endpoint data using threat intelligence and behavioral analytics.
- Effective communication skills, both verbal and written: conveyed security findings, incident reports, and recommendations to technical and non-technical stakeholders.
- Basic Proficiency in Python, C++ and C#.
- Graphical Programming for Microprocessors and Microcontrollers Using Flowcode
- Adaptability: Quick learner, able to adapt to new technologies
- Experience in styling HTML elements using CSS3 properties and techniques.
- Basic understanding of MySQL syntax, queries, creating and querying MySQL databases.
- Interpersonal Skills and Customer Service
- Fluent in Arabic(native) and English

LEADERSHIP/VOLUNTEERING

- Vice Chair in the IEEE NDU, 2023
- Attended the IEEE Student and Young Professionals Congress, Region 8 that was held for five consecutive days in Tunis, August 2022
- Scout leader in the Democratic Scout Association since 2019
- Been an active member and committee member in the IEEE NDU since 2019
- Participated in the Science Rally held at MUBS-Aley, 2019
- Participated in Model Arab League, LAU Beirut, 2018
