

MOHAMMED ABU SAMHADANA

PROFILE INFO

- my name is MOHAMMED ABU SAMHADANA, and I am currently a second-year computer science student at the Lebanese American University. I have a strong passion for technology and a deep interest in exploring the vast potential of computer science. Throughout my studies, I have gained a solid foundation in programming languages such as Java, C, and Python, as well as knowledge in data structures, algorithms, and object oriented programming. I have also been actively involved in various projects and coding competitions, where I have honed my problem-solving skills and collaborated with diverse teams. Alongside my academic pursuits, I have a strong inclination towards learning new technologies and keeping up with the latest industry trends. I am eager to apply my theoretical knowledge to real-world challenges and contribute to a dynamic work environment through an internship opportunity. With my dedication, adaptability, and strong work ethic, I am confident in my ability to make a valuable contribution to your team
