## Summary

I'm currently pursuing M1 in Computer Science at Lebanese University, with a foundation strengthened by multiple certifications in Data Science and Data Analytics.
My academic focus is transitioning to specialize in ML/AI in my M2  degree.
I am ready to apply my skills, contribute to a team, and learn from industry experts in a professional setting.

## Education

### Lebanese University, Tripoli, Lebanon

- M1 in Computer Science.                                    Oct 2023 - Present
- BS in Computer Science.                                    Oct 2019 - Jan 2023

## Experience

**Inatco:** AI and Research intern.                              Dec 2023 - Present

**Correlation One:** Teaching Assistant: Data Science 4 All.     July 2023 - Present

**Global Learning:** Project Intern: Integrated ChatGPT into Lesson Planner.   July 2023 - Sep 2023

### Google developers student club - LUFS3 (Volunteer)

- Contributing to a team project, organizing events and training sessions.   Oct 2023 - Present
- Conducting training sessions in Data Science.              Oct 2022 - June 2023

## Certifications

### Coursera

- **Google**'s 8 courses Data Analytics certification.        Jun 2023 - Oct 2023
- **IBM**'s 10 courses Data Science certification.            Feb 2023 - July 2023

- **Zaka:** Completed 16-week AI Certification in Data Science Specialization.   Jan 2023 - May 2023
  **Capstone Project:** Intracranial Hemorrhage Detection.

### DataCamp                                                 May 2022 - May 2023

- Associate Data Analyst Certification.
- Associate Data Scientist Certification.

## Skills

**Data Scientist Tools:** Python, SQL, Excel, Web Scraping, Tableau, Azure
**Machine Learning:** Supervised, Unsupervised, Deep Learning, CV, NLP, Prompt Engineering.
**Soft Skills:** Leadership, Management, Teamwork, Communication.

## Languages

**Arabic**: Native, **English**: Fluent, **French**: Intermediate.
