Profile

I'm a graduating student with honors, driven to pursue studies in Political Science and International Affairs at LAU. With a proven track record as head of Broummana High School Model United Nations (BHSMHN), I've been honored with multiple Secretary General awards in LAU and Yale, I was able to showcase my communication skills and ability to articulate ideas effectively.

Yet my leadership experience doesn't stop there. As a senior monitor in a summer camp, I was able to perfect my skills in taking charge and leading others. I possess a genuine passion for connecting with people and I thrive in communicative environments.
