Beirut, Lebanon | 00961 76942488 | [ali.sbeity.business@gmail.com](mailto:ali.sbeity.business@gmail.com) | [LinkedIn](#) | [GitHub](#)

### Full Stack Developer

#### Summary

Passionate Full Stack Developer renowned for consistently delivering robust and high-performing web applications that elevate user experiences. Proficient in employing cutting-edge technologies to innovate and push boundaries in both front-end and back-end development. Adept at collaborating with cross-functional teams to translate complex requirements into seamless, scalable solutions.

#### Key Competencies

Web Development - API Integration - Database Management - Version Control - Cross-Platform Development - Problem Solving - Collaboration - Responsive Design - Project Management – Communication – Machine Learning AI.

#### Professional Experience

##### Forward MENA, Remote

Jun 2024 – Sep 2024

##### DevOps Engineer Internship

Forward MENA is dedicated to fostering the tech industry's growth in the MENA region. During my internship, I gained hands-on experience in various aspects of DevOps, including:

- **Configuration Management:** Utilized **Ansible** and **Terraform** to streamline infrastructure provisioning and configuration.
- **Container Orchestration:** Managed and orchestrated containerized applications using **Kubernetes**.
- **Continuous Integration & Continuous Deployment (CI/CD):** Implemented CI/CD pipelines to automate testing, building, and deployment processes.
- **Certification:** Achieved Docker Certified Associate status.

##### BrightCHAMPS, Remote

Jan 2023 – Mar 2024

##### Tech Educator

Bright Champs is an educational technology company that provides innovative learning programs for K-12 students in coding, financial literacy, robotics, and communication.

- Delivered +2000 hours of innovative learning programs in coding, financial literacy, robotics, and communication for K-12 students.
- Assisted university students with final projects in Python, Machine Learning, and AI. Taught Java, Python, and Web Development.
- Worked on 18 web development projects, including E-commerce, Restaurant Websites, etc.

##### CodePact, Nabatiyeh

Mar 2023 – Aug 2023

##### Full Stack Internship

CodePact is a startup focused on delivering software solutions and digital transformation services.

- Developed and maintained code for a website using HTML, CSS, JavaScript, React, MongoDB, and Express.js.
- Worked on API integration and developed functionality for systems using APIs.
- Collaborated with a team of three developers, gaining valuable teamwork experience.

#### Trainings & Awards

- **Achieved 2nd place in "Tatweer Baladna" entrepreneurship competition 2024**
- **CCNAv7 – Introduction to Networks**, Lebanese International University LIU, 2022
- **Routing and Converting CCNA Networks**, Lebanese International University LIU, 2022

## Education

- Bachelor of Computer Science, Lebanese International University (LIU), 2023
- Lebanese Baccalaureate in Life Science, Nabatiyeh Mayfadoun Official High School, 2020

## TECHNICAL SKILLS and Languages

Next.js, MongoDB, TypeScript, Java, JavaScript, GIT, SQL, Python, React, Responsive Design, HTML/CSS, PHP, Express.js, Redux, AWS, Docker ,

**Languages:** Arabic (Mother Tongue), English (Fluent)
