SKILLS & ABILITIES

Diligent and Intelligent 3rd Year Software Engineering Student with Expertise in Flutter, Python, Java

EDUCATION

09/2021 - Present

Software Engineering

Antonine University, Baabda.

Throughout my academic journey as a 3rd-year Software Engineering student at Antonine University, I have harnessed the power of my technical skills, including proficiency in C++, Java, Node.js, HTML, and CSS. Additionally, I have cultivated a strong set of soft skills that enable effective collaboration, communication, and problem-solving.

EXPERIENCE

2022-Present

Programming Tutor

I have successfully designed and delivered comprehensive C++ courses at both Level 1 and Level 2, encompassing essential topics such as Data Structures. The courses concluded with highly positive feedback, underscoring their value and impact on the students' learning experiences.

VOLUNTEERING

Volunteer at LUCSC

I began my involvement with the LU Computer Science Club this year, and I've been actively participating in the educational team since then. From the outset, it has been a fulfilling journey as we work together to develop and refine courses to benefit our peers. I'm excited about the progress we've made so far and look forward to continuing my contributions in the future.

SKILLS

- Flutter
- Dart
- Python
- Java
- C++
- JavaFX
- NodeJS

LANGUAGES

- English
- Arabic
