## SUMMARY

---

As a passionate and dedicated student in biochemistry , I am seeking the oppurtunity to pursue advanced studies in health sciences. My goal is to contribute to research and broaden my knowledge in an dynamic environment.

## EXPERIENCE

---

### PRACTICAL INTERNSHIP IN A MICROBIOLOGY LABORATORY

Apr '23 — May '23

AL Hanan Hospital

Tripoli

- Preparation and maintenance of various microbial cultures, ensuring conditions of proper growth and sterility
- Performing a variety of microbiological tests including Gram stain, isolation colonies and biochemical analyses.
- Collect and analyze data

### Laboratory Assistant Intern

Jul '23 — Aug '23

The Chamber of Commerce, Industry and Agriculture

- Conducted testing within chemistry departments, ensuring precision in experimental outcomes as the dairy products, water quality and pesticides residues testing.
- Successfully engaged in food processing activities at the IDRAC center, contributing to the production of high-quality food products as honey and olive oil collection and packaging activities
- Acquired expertise in GMP and GHP regulated manufacturing environments, demonstrating in adhering to strict industry standards by inspecting the application of these regulations on-site (IDRAC center )

## SKILLS

---

Mastery of molecular biology techniques: PCR, gel electrophoresis, DNA extraction. Experience in protein purification and characterization. Competent in spectrophotometry, chromatography and mass spectrometry. Immunology laboratory: ELISA.. Competent in the use of laboratory equipment and maintaining a safe working environment. Microsoft office (word, excel, ppt..) Programming language: C++ SPSS Biostatistics

**Languages** French (DELF B2), Arabic , English , Spanish (A1)

## EDUCATION

---

**BAC in Life Science** , Kobbah High SCHOOL

2020

**Bachelor degree in Biochemistry**, Lebanese University

2020 — 2023

**Master 1 in General Biochemistry** , Lebanese University

2023 — 2024

## CERTIFICATIONS

---

**GIL Camp , Introduction to Entrepreneurship**

GIL UNICEF

Aug '22

**Medical Artificial Intelligence**

Kalimat

Aug '22

**Complex Problem-Solving Reasoning and Ideation**

L'Oreal and Centremine

May '22

**Critical Thinking , Analysis and Innovation**

L'Oreal and Centremine

May '22

## VOLUNTEERING

---

**Assistant**, Utopia

Tebeneh , Tripoli
