PROFESSIONAL SUMMARY

A results-driven professional on a mission to translate data into actionable insights. Armed with a Bachelor's degree in Management Information Systems (MIS) and distinguished certifications from Google in Data Analytics and Business Intelligence, I'm poised to embark on a fulfilling journey as a Data or Business Analyst.

EXPERIENCE

DATA ANALYST

Dec 2023 - Jan 2023 | MeriSKILL , Remote

Responsibilities:

- Project 1 (Sales Data Analysis):
- Project 2 (Diabetes Prediction System):
- Project 3 (HR Analytics):

Achievements:

- Successfully completed all three internship projects within the specified timeframe.
- Improved sales forecasting accuracy by 15% through data analysis and insights.
- Developed a diabetes prediction model with an accuracy of 80%, exceeding project expectations.
- Identified key factors influencing employee turnover and presented actionable recommendations to reduce it.
- Enhanced data analysis and visualization skills using Power BI, SQL, and Python.
- Received positive feedback from MeriSKILL mentors and project stakeholders for exceptional work and initiative.
