Safety Officer

Helicopter Pilot

I bring a wealth of experience and dedication to my role, with over 12 years of expertise in executing diverse mission types, managing as a Manager and Safety Officer, overseeing Maintenance Test Flights, and leading Safety management.

My unwavering commitment is to drive the organization toward its vision by cultivating a collaborative team spirit among colleagues and proactively seizing opportunities for innovation. I thrive in high-pressure situations, efficiently manage workloads, and consistently demonstrate adept problem-solving skills.

## Experience

2018 - 2023

Hamat AFB - Lebanon

### Safety Officer

Dynamic safety professional with a track record of enhancing team safety through strategic risk management during planning applications. Spearheaded a successful mentorship program for Junior Pilots, contributing to a significant reduction in annual mishaps. Committed to fostering a secure work environment through proactive safety measures.

2016 - 2023

LAF-AF - Lebanon

### Instructor and Operations Manager

Seasoned leader with 7 years of experience overseeing diverse mission execution. Expertly manage a team of professionals, ensuring adherence to safety protocols and industry regulations. Directly involved in the supervision of Maintenance Test Flights, guaranteeing optimal aircraft performance. Proven collaborator, fostering a cohesive team environment aligned with organisational vision. Thrives in high-pressure situations, adept at prioritising workloads and demonstrating strong problem-solving skills.

2016 - 2018

KAB - Lebanon

### Section 2 CC - Intel/Security Officer

Diligent Security Officer with 2 years of experience at Klayaat AB. Specialized in gathering crucial information about facility surroundings to enhance security and protection measures. Proficient in generating comprehensive reports and addressing the base's needs to ensure operations within a highly secure facility. Skilled in providing timely intervention and developing emergency plans for effective response.
