Sabah Al Mel (Junior Full-Stack Developer)

Tripoli, Lebanon | 03314520 | sabahalmel7@gmail.com | linkedin.com/in/sabah-almel

Freshly graduated from Lebanese University. I am actively seeking opportunities in web development, with a strong interest in both front-end and back-end development. Alongside my passion for web development, I also have a keen interest in sports, yoga, and art.

Training and Certification

Full-Stack Web Development Bootcamp | Codi Tech August 2023–March 2024

- Worked on web applications using technologies like Reactjs, Nodejs, and MongoDB (MERN Stack).
- Improved English language skills and gained soft skills like time management, agile methodology, conflict resolution, problem-solving, and leadership.
- Contributed to various phases of software development, ensuring high-quality solutions.

Skills

HTML | CSS | JavaScript | React | NodeJS | ExpressJS | MongoDB | Sequelize | SQL | Java | jQuery |

Git | Github | Data Structures and Algorithms

Education

Bachelor's degree in computer science | Lebanese University October 2020–2023

Projects

Tripoli's Heritage Website (Group Effort)

This project aims to create a website to enhance tourist experiences. Created an interactive platform with information on historical sites.

Fintech Crowdfunding (Group Effort)

This project is a user-friendly crowdfunding platform connecting project creators and donors. Developed dashboards for creators to display projects and for donors to track their donations.

Language

Arabic, English, French.
