

Ali Hassan

Beirut, Lebanon

+961 78 988 705

ali.7assan.a7@gmail.com – [LinkedIn](#) – [GitHub](#)

Passionate web developer with a flair for crafting seamless and dynamic digital experiences. I merge front and back-end expertise to translate innovative ideas into robust, user-centric solutions that leave a lasting digital imprint.

Skills

- **Programming (and Scripting) Languages** // Python, JavaScript, TypeScript, PHP, and SQL
- **Database Management Systems** // MySQL, and NoSQL
- **Frameworks, Libraries and Run-time Environments** // Laravel, React, Node.js, and Express
- **Version Control, Cloud Services and Tools** // Git, GitHub, AWS, Firebase, and Figma
- **Theory** // Complexity Analysis, Data Structures and Algorithms, Design Patterns, and OOP

Professional Experience

Coding Instructor – Bright Champs, Remotely

January 2023 – April 2023

Empowered young minds in HTML, CSS, JavaScript, and Python as a remote coding instructor for a forward-thinking company.

Projects

ByteBattle [[GitHub Link](#)]

ByteBattle is a 2D RPG that merges coding education with interactive challenges. Players navigate through chapters like front-end and Software Engineering, guided by an AI mentor. It's also a platform for companies' entrance exams, integrating front-end, back-end, and database management elements.

- **Front-End** // React, Redux
- **Back-End** // Node.js, Express.js
- **Database** // MongoDB

Training and Certifications

Full-Stack Web Development Bootcamp – SE Factory, Lebanon

October 2023 – January 2024

Completed an intensive full-stack web development program covering cloud architecture, front- and back-end development, source control, and web application security over 12 weeks of lectures, workshops, and projects.

Education

Bachelor of Computer Science – University of Sciences & Arts, Lebanon

September 2020 – present

Languages

Arabic (Native); English (Fluent); French (Intermediate).
