PROFILE

Eager and committed aspiring computer scientist with a passion for technology. Despite limited formal experience, my enthusiasm for coding and problem-solving drives continuous learning. I offer a fresh perspective, a strong desire to learn, and unwavering dedication to positively contribute to any team or project. Excited about the opportunities in computer science, I'm ready to dive in, absorb, and make a meaningful impact.

EDUCATION

Bachelor of Science in Computer Science,
Phoenicia University

Daoudiye, the
district of Zahrani,
Southern
Governorate of
Lebanon.

Sep, 2022 - Oct, 2025

Currently enrolled in an intensive Bachelor of Science program in Computer Science, with a strong focus on honing coding proficiency, algorithmic thinking, and problem-solving skills. Actively engaged in coursework that explores diverse facets of computer science, driven by a passion for technology and a commitment to continuous learning and growth in the field.

PROJECTS

University Scheduler Application for Course Scheduling

In collaboration with two peers, I co-developed the University Scheduler Application, a Java-based solution aimed at simplifying course scheduling for the registrar's office. The project showcased proficiency in Java programming, Excel data handling, GUI development, and effective problem-solving, resulting in a streamlined and simplified course scheduling process.

Clothing E-Commerce Site

I independently designed and developed a vibrant online clothing brand website using React and JSX. The project showcases my skills in front-end development, delivering an engaging and visually appealing platform for the presentation and sale of fashionable apparel.

Python , Udemy Online Course

PEER MENTORSHIP

Peer Support in Java Programming

In my role as a peer mentor, I supported first-semester students embarking on their journey into Java programming. Through interactive and tailored support sessions, I provided guidance, clarification, and hands-on assistance to those navigating the foundational aspects of Java.
