SKILLS

ABOUT ME

A 22-year-old Computer Science graduate passionate about technology and software development. With robust problem-solving skills and a continuous thirst for learning, I excel in both collaborative and independent settings. I am dedicated to enhancing my expertise in full-stack development and staying abreast of the latest industry trends.

OBJECTIVE

Eager to join a forward-thinking team where I can apply my full-stack development skills to solve challenging problems, contribute to impactful projects, and further my learning and growth in the field of computer science.
