Protocol Suite(TCP/IP)

• SOFTWARE SKILLS

MPLAB ,Multisim , Proteus, MATLAB ,Packet
Tracer, Beginner in Burpsuite, Altera ,VS
CODE & STUDIO , Android studio , fire base
, Office {Word,Excel,Access}, SQL server

About Me

I hold a Bachelor's degree in Computer Network and Communications Engineering, and I'm currently pursuing advanced studies in Computer Engineering to deepen my expertise. As a junior developer, I am dedicated to expanding my technical skills, particularly in the dynamic field of cybersecurity , and possess a strong understanding of security methodologies. I firmly believe in the importance of ensuring technology is both powerful and secure. I excel in high-pressure situations, possess strong communication skills, and contribute effectively to team dynamics. My rapid learning, comprehension, and natural leadership abilities further complement my technical proficiency. Beyond my professional pursuits, I find inspiration in reading and enjoy outdoor activities such as hiking, swimming, and camping for physical and mental challenges. Time with friends is equally cherished for creating lasting memories and fostering meaningful relationships.

Work Experience

AWS CLOUD PRACTITIONNER

WEAVE WIDER COMPANY | BEIRUT/NWAIRE

May 2023 - June 2023

Discovering cloud computing (AWS specifically),attended the AWS Certified Cloud Practitioner (CLF-C01) | AWS Essentials course and accomplished multiple cloud related tasks.

INFORMATION TECHNOLOGY & SOFTWARE DEVELOPMENT

HALAWI EXCHANGE COMPANY | TYRE/ALBAWAB/ SAHAT AL KASSAM

November 2022 - January 2023

During my Information Technology internship, I gained valuable insights into the fundamental principles of IT infrastructure and operations. This experience allowed me to understand the core components of hardware, software, and networking systems, which are essential for supporting an organization's technology needs.

During my internship in software development, I honed my skills in VB.NET programming, a versatile language widely used for developing Windows applications. I actively participated in the software development life cycle, including requirements analysis, design, coding, and testing , and i Developed a Windows application for money transfers, leveraging VB.NET to create a user-friendly and secure platform.

ACOUNTANT

MINI MARKET ALKARIM | SRIFA/SOUTH LEBANON

September 2021 - November 2021

Managed finances and ensured accuracy in financial transactions, including cash handling, supplier invoices, and inventory records.

WAITER

FUN ONE | BERJ KALAWAY/SOUTH LEBANON

June 2017 - September 2017

Provided excellent customer service, managed orders, and maintained a clean dining environment.

Ensured a positive dining experience and upheld Fun One's reputation for outstanding service.
