Experience

CGC   *Beirut, Lebanon*

FRONT-END SOFTWARE ENGINEER INTERN

NOV 2023 – Present

I am currently engaged in an internship at a company, where my primary focus lies in gaining proficiency in TypeScript, Next.js, and Material-UI. This hands-on experience not only enhances my technical capabilities but also equips me with the skills necessary to contribute meaningfully to ongoing projects and future endeavors.

Projects

- **Bookstore Ecommerce Shop / MERN stack Project**

    Online Books store that allows the user search for books, add them into his/her cart, check details of each book, and confirm their order.

    ReactJS - NodeJS - ExpressJS – MongoDB

- **React Problem Solving Practice Website / React**

    neetcode.io but for React. The website's goal is to develop the skills of React developer by solving very interesting Front-End Problems using React.

    React JS

- **Next 14 E-Commerce - Payload CMS**

    Trying Payload CMS in my E-commerce project.

    Typescript - Payload - Next JS – SCSS

- **Next 14 - CMS - MUI**

    Mini CMS Project Fully made with Material UI.

    Next JS - Material UI

Skills

- **Technologies & Tools: Java** - JavaScript - TypeScript - Node.js – Express.js - React.js - Spring Boot - CSS (Bootstrap, Tailwind) - Databases (MongoDB, MySQL) - Material UI.
- **Software Design & Architecture:** Object Oriented Design – REST API Design - Microservices Architecture - Component Based Architecture - SOLID design principles – Design Patterns
- **Software Methodology & Tools:** Git

Education

Lebanese University   *Hadath, Lebanon*

Bachelors of Science in Computer Science   *OCT 2021 – Present*
