Abdulrahman Ghassa (Junior Full-Stack Developer)

Tripoli, Lebanon | +961 76 548 699 | abdulrahman.ghassa93@gmail.com | Github | Linkedin

PROFILE

Motivated and ambitious beginner developer with a passion for Web Application development and a strong desire to learn and grow in the field.

EXPERIENCE

Trainee, Codi Tech, Tripoli
Full-stack Web Development Program
Aug 2023 - Feb 2024

- Contributed to the development and upkeep of web applications as part of a cross-functional team, utilizing technologies such as Reactjs, Nodejs, and MongoDB (MERN Stack)
- Developed English language proficiency and acquired valuable soft skills, including time management & leadership.
- Participated in all phases of the software development life cycle, ensuring the successful delivery of top-quality software solutions.

PROJECTS

MERN Stack - *Fithub* - Team Effort

FitHub is an ultimate online fitness destination, combining expert trainers, personalized fitness plans, and a curated marketplace. Choose tailored fitness plans and explore a selection of top-notch fitness products—all in one user-friendly platform.

MERN Stack (with MySQL and Sequelize) – *Company Financial Tracker* - Team Effort

It is a Fintech platform for streamlined company financial tracking. Tailored dashboards for Admins, Managers, and Accountants ensure a seamless workflow. Admins manage data, Managers generate reports and address financial issues, while Accountants efficiently handle transactions.

MERN Stack - Monla-LLC - Team Effort

Monla-LLC is an online platform dedicated to providing a comprehensive range of car-related products and specialized repair services. As a prominent player in the automotive industry, Monla-LLC aims to address the diverse needs of car enthusiasts by offering a seamless online experience.

MERN Stack - EasyVarianTrip - Individual Effort

It is an online platform that provides easier access of the trips for tourism enthusiasts whom prefer to check out about interesting trips based on their own preferences.
