## EDUCATION

---

**Lebanese American University (LAU)**, Byblos, Lebanon

2021 - Present

- BE in Computer Engineering
- Awarded baccalaureate (back) scholarship.
- GPA:3.97

## EXPERIENCE

---

**Private Electronics Tutor at Lebanese American university** | Byblos, Lebanon

- Provided personalized tutoring sessions to students in electronics, covering topics such as circuit analysis, operational amplifier, diode, transistors.
- Monitored student progress and adjusted teaching methods, accordingly, resulting in significant improvement in grades and academic performance.
- Fostered a supportive learning environment conducive to open discussion, curiosity, and critical thinking.
- Mentored students preparing for exams and projects, resulting in successful outcomes and commendable achievements.
- Stayed updated with the latest advancements in electronics technology and educational methodologies to continuously enhance teaching effectiveness.

## Skills

---

Java | HTML | CSS | MySQL | Flask

## Projects

---

As a group of three, we developed a hotel booking website which contains a database of hotels' rooms and clients along with other functionalities. These functionalities will allow users to create accounts, log in securely, book rooms and add reviews based on their experience.

The tools that were used in this project are the following: flask, python, SQLite, HTML and CSS.

Following the abstract factory design pattern, three of my classmates and I created a website to help students find their major easily. In this website, the majors of each university with their prices are found by using web scraping.

The tools that were used in this project are the following: Django, HTML and CSS.

## Extracurricular activities

---

Chief, Scouts

- Led a team of scouts, fostering teamwork, discipline, and outdoor skills development.
- Organized and supervised outdoor activities, camping trips, and community service projects.
- Developed organizational and managerial skills through effective leadership. Facilitated skill-building workshops and team building exercises.
- Cultivated a sense of camaraderie and mutual respect within the group. Enhanced leadership, problem-solving, and interpersonal skills.

## Languages

---

- Arabic: C1
- English: B1
- French: B1
- Spanish: A1

## Hobbies

---

- Fishing/Diving: a lifelong passion, providing me with a deep connection to nature and a sense of peace and tranquillity whenever I'm outdoors.
- Gym: Passionate about hitting the gym regularly to keep the body in top shape and maintain overall well-being.
